U.S. Citizen

Employment History

University of Pennsylvania

Full Professor, Department of Statistics, The Wharton School	2019-present
Affiliated Member, Graduate Group in Applied Mathematics and Computational Science	2014-present
Faculty Member, Graduate Group in Genomics and Computational Biology	2004-present
Doctoral Program Co-director, Department of Statistics, The Wharton School	2013-2015
Associate Professor, Department of Statistics, The Wharton School	2010-2019
Assistant Professor, Department of Statistics, The Wharton School	2004-2010

Education

Harvard University

Ph.D. Statistics	2004
Thesis title: "Statistical methods for elucidating cell regulation."	
Winner of the Leonard J. Savage Award for best thesis in application methodology from the International Society for Bayesian Analysis	
A.M. Statistics	2001

McGill University

M.Sc. Statistics, Dean's Honors List	1999
Thesis title: "The Laguerre-Samuelson inequality, with extensions and applications in statistics and matrix theory."	
B.Sc. with Great Distinction	1997
Joint Major in Biology and Mathematics	

Peer-reviewed Publications

Awards

Wharton Teaching Excellence Award The Wharton School, University of Pennsylvania	2019, 2020
SABR Analytics Conference Research Award in Contemporary Baseball Analysis for our paper "OpenWAR: an open source system for evaluating overall player performance in major league baseball."	2016
Sports in Statistics Award for contributions to the statistics in sports community Section on Statistics in Sports, American Statistical Association	2011
David W. Hauck Award for Excellence in Undergraduate Teaching The Wharton School, University of Pennsylvania	2009
Leonard J. Savage Award for best thesis in application methodology International Society for Bayesian Analysis	2004
Certificate of Distinction in Teaching , Harvard University	2002, 2003

Grants Received

Analytics at Wharton, University of Pennsylvania Amenity Value of Green Space	2020
Wharton Social Impact Initiative, University of Pennsylvania Measuring Human Vibrancy and its Role in the Urban Development of Philadelphia	2018
National Institute of Health and National Cancer Institute Determining and enhancing metabolite fitness for metabolomics measurements.	2017
National Institute of Health Control of intestinal regeneration by an Msi-mTORC1 signaling axis.	2016
Wharton Global Initiatives Research Program, University of Pennsylvania A Quantitative Case Study of Urban Issues in American Versus Asian Cities	2016
Wharton Social Impact Initiative, University of Pennsylvania Urban Analytics: A Case Study in Philadelphia	2015
Stuart and Jill Siegel Term Research Fund, University of Pennsylvania Prediction and Evaluation of Hockey Performance	2014
TRIO Pilot Program, The Wharton School, University of Pennsylvania Income Volatility and Risk Aversion.	2011
Wharton Sports Business Initiative, University of Pennsylvania Evaluation of Fielding in Major League Baseball.	2008
National Institute on Aging Mechanisms of Alterations in Sleep with Age.	2006

Grants Received (continued)

Center for AIDS Research, University of Pennsylvania Spatially-varying Evolutionary Models of Viral Escape Response.	2006
University Research Foundation, University of Pennsylvania Integrating Multiple Data Sources to Improve Motif Discovery.	2005
Entertainment and Sports Programming Network Wharton MLB Player Valuation Project and Development Venture.	2005

6. Bradlow, E., Jensen, S.T., Wolfers, J. and Wyner, A. (2008). "Report backing Clemens chooses its facts carefully." *New York Times*. February 10, 2008.
7. Bradlow, E.T., Jensen, S.T., Wolfers, J. and Wyner, A.J. (2008). "A statistical look at Roger Clemens' pitching career." *Chance Magazine* 21:24-30.

Recent Research Presentations

- "Modeling Crime Dynamics and Associations with the Built Environment in Philadelphia."
CFE-CMStatistics 2019. London, United Kingdom. December 15, 2019.
- "Urban Analytics in Philadelphia."
Department of Statistics, University of Pittsburgh, Pittsburgh, PA. November 22, 2019.
Department of Statistics, University of Wisconsin- Madison, Madison, WI. November 6, 2019.
Department of Decision Sciences, George Washington University, Washington D.C. October 11, 2019.
Department of Statistics, Virginia Tech University, Blacksburg, VA. September 12, 2019.
- "Parametric and non-parametric Bayesian approaches to spatial modeling of crime in Philadelphia."
CFE-CMStatistics 2018. Pisa, Italy. December 15, 2018.
- "Bayesian Modeling of Crime in Philadelphia."
World Meeting of the International Society for Bayesian Analysis, Edinburgh, UK. June 28, 2018.

Students Advised

Ryan Gross Department of Statistics, The Wharton School, University of Pennsylvania	Ph.D. in progress
Cecilia Balocchi Department of Statistics, The Wharton School, University of Pennsylvania	Ph.D. 2020
Colman Humphrey Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Matching: The Search for Control."	Ph.D. 2018
Daniel McCarthy Department of Statistics, The Wharton School, University of Pennsylvania	Ph.D. 2017
Ville Satopää Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Partial information framework: modeling, improving, and aggregating predictions." Placement: Assistant Professor, INSEAD	Ph.D. 2016
Julie Novak Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Bayesian modeling of consumer behavior in the presence of anonymous visits." Placement: Research Staff Member, IBM Research	Ph.D. 2015
Aleah Caulin Genomics and Computational Biology Graduate Group, University of Pennsylvania Thesis: "Peto's paradox and the evolution of cancer suppression." Placement: Clinical Computational Biology Lead: Driver Group, L.L.C.	Ph.D. 2013
James Piette Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Estimating fielding ability in baseball players over time." Placement: Director of Data Science: Two Six Capital	Ph.D. 2011
Blake McShane Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Machine Learning Methods With Time Series Dependence." Placement: Associate Professor of Marketing, Kellogg School at Northwestern University	Ph.D. 2010
Alexander Braunstein Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Bayesian statistical models for HIV evolution." Placement: Head of Evaluation Metrics: Apple, Inc.	Ph.D. 2009
Lee Dicker Department of Statistics, The Wharton School, University of Pennsylvania Thesis: "Random partitions in population genetics and Bayesian nonparametric statistics." Placement: Assistant Professor, Department of Statistics, Rutgers University.	M.Sc. 2006

Teaching Experience

Department of Statistics, The Wharton School

Statistics 102: Introduction to Business Statistics	2017-18
Statistics 111: Introduction to Statistics	2005-10, 2015-16
Statistics 442: Introduction to Bayesian Data Analysis	2019-20
Statistics 540: Statistical Computing	2005-06
Statistics 542: Bayesian Methods and Computation	2007-16
Statistics 613: Regression Analysis for Business	2012-13
Statistics 927: Bayesian Modeling and Computation	2018, 2020

Graduate Group in Genomic and Computational Biology

GCB 535: Introduction to Bioinformatics	2007, 2010-15
---	---------------

Department of Statistics, Harvard University, Teaching Fellow

Statistics 100: Introduction to Statistics (Dr. Willis Davis)	2001-03
Statistics 101: Introduction to Statistics (Dr. Steve Wang)	1999
Statistics 102: Introduction to Biostatistics (Dr. Bernard Rosner)	2000
Statistics 104: Introduction to Statistics (Dr. Mark Irwin)	2003
Statistics 110: Introduction to Probability (Dr. Wing Wong)	2001
Statistics 111: Statistical Inference (Dr. Xiao-Li Meng, Dr. Samuel Kou)	2002-2003
Statistics 139: Regression Analysis (Dr. Steve Wang, Dr. Xiao-Li Meng)	2000, 2002
Statistics 149: Generalized Linear Models (Dr. John Barnard)	2001
Statistics 220: Bayesian Data Analysis (Dr. David van Dyk)	2000

Department of Mathematics and Statistics, McGill University, Teaching Assistant

Mathematics 150: Calculus A (Dr. Stephen Drury)	1998
Mathematics 323: Probability Theory (Dr. George Styan)	1997, 1999
Mathematics 324: Statistics (Dr. George Styan)	1999
Mathematics 423: Regression and Analysis of Variance (Dr. George Styan)	1998

Academic Service: Recent Thesis Committees

Tammy Tran

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. in progress

David Wang

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. in progress

Amber Weiner

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. in progress

Madison Herling

Department of Chemistry, University of Pennsylvania Ph.D. in progress

Casey Bartow-Mckenney (Committee Chair)

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. 2019

Gemma Moran

Department of Statistics, University of Pennsylvania Ph.D. 2019

Dan McCarthy

Department of Statistics, University of Pennsylvania Ph.D. 2017

Yuchao Jiang (Committee Chair)

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. 2017

Jacquelyn Meisel

Graduate Group in Genomics and Computational Biology, University of Pennsylvania Ph.D. 2017

Tung Phan

Department of Statistics, University of Pennsylvania Ph.D. 2016

Academic Service: Recent Thesis Committees (cont'd)

Shi Gu	Applied Mathematics and Computational Science, University of Pennsylvania	Ph.D. 2016
Derek Oldridge	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2015
Sameer Soi (Committee Chair)	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2015
Brett Hannigan	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2013
Ellen Tsai (Committee Chair)	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2013
Sivan Aldor-Noiman	Department of Statistics, University of Pennsylvania	Ph.D. 2012
Sathyanarayan Anand	Department of Statistics, University of Pennsylvania	Ph.D. 2012
Jonathan Toung (Committee Chair)	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2012
Sira Sriswasdi (Committee Chair)	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2012
Rumen Kostadinov	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	Ph.D. 2012

Academic Service: Recent Other Committees

Wharton School Representative on the Graduate Council of the Faculties	Graduate Council of the Faculties, University of Pennsylvania	2020-2021
PhD Admissions (Chair)	Department of Statistics, The Wharton School	2020-2021
Diversity Search Advisor	Department of Statistics, The Wharton School	2020-2021
Review Committee for Graduate Group in Epidemiology and Biostatistics	Biomedical Graduate Studies, University of Pennsylvania	2021
Teaching Excellence Committee	The Wharton School, University of Pennsylvania	2019-2021
Faculty IT Steering Committee	The Wharton School, University of Pennsylvania	2019-2021
MUSA Faculty Oversight Committee	Penn Institute for Urban Research	2019-2021
CIRC: Curriculum Innovation and Review Committee	The Wharton School, University of Pennsylvania	2019-2020
Dean's Advisory Council	The Wharton School, University of Pennsylvania	2017-2020
GCB Curriculum Committee	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	2016-2018
Program Committee for JSM 2017	International Society for Bayesian Analysis	2016
Program Committee for ENAR 2016 Spring Meeting	Bayesian Statistical Science Section	2015
Doctoral Executive Committee	The Wharton School, University of Pennsylvania	2014-2015
GCB Advising Committee	Graduate Group in Genomics and Computational Biology, University of Pennsylvania	2006-2015

Academic Service: Paper Reviewing
